Reference: October Quarterly Report (8/1/02-9/30/02)

Dear Mr. Brasher:

This letter is prompted by the Commission's preliminary review of the report(s) referenced above. The review raised questions concerning certain information contained in the report(s). An itemization follows:

-While it is permissible for a person to make a contribution for the runoff and general elections prior to the primary election, the recipient committee must employ an acceptable accounting method to distinguish between primary, runoff and general election contributions. 11 CFR §102.9(e) These runoff general election amounts must be maintained in the committee's account.

Since the candidate did not participate in the runoff or general election, any contribution received for the runoff general elections must be returned to the donors, in accordance with 11 CFR §110.1(b)(3). The use of runoff or general election contributions to pay primary debts and obligations is prohibited under the Act as such use could result in individuals making contributions with respect to the primary election in excess of the \$1,000 per election limit. Any subsequent report(s) filed with the Commission must disclose the refund of any runoff and general election contributions. Refunds must be done within sixty days after the 2002 Primary Election.

Please inform the Commission of your corrective action immediately in writing and provide a photocopy of your check for any refund. Refunds are reported on Line 20 of the Detailed Summary Page and on a supporting Schedule B of the report covering the period in which they are made. (11
